FLORIDA ARTIST GROUP, INC.
28th Annual Exhibition at the
Miami Metropolitan Museum and Art Center.
May 14-28, 1977

Purpose

The FLORIDA ARTIST GROUP was incorporated as a non-profit organization of practicing artists who had gained recognition nationally or statewide and whose work would contribute significantly to its exhibitions. The purpose is the stimulation of finer standards of the creative effort within the state of Florida.

In every painting, as in any other work of art, there is always an idea, never a story.

Annual Symposium

Since 1949, the F.A.G. has held a symposium and a members' exhibition each year in a different Florida city. Its educational and other cultural aims are advocated at these meetings through lectures, panel discussions, films and exhibits. Outstanding speakers participate in these annual meetings.

In addition to the Symposium and Exhibition held in the Spring, regional meetings are sponsored at other times in various places in the state. The nature of these meetings follows, in a small way, the character of the Spring meeting. They also serve to bring the members of the organization more closely together.

JURIED SHOWS

To insure an excellent annual exhibition the show is juried. The practice is to have an out-of-state juror who is prominently associated with art administration or education or is a painter of national repute. Whenever it is possible the juror is also one of the principle speakers at the Symposium. This year we had the great pleasure to have as juror the eminent Dr. Tom Freudenheim, Director of the Baltimore Museum of Art.

JUROR'S STATEMENT

Given the difficulty of selecting an exhibition from slides, I hope that the group of works I have chosen reflects not only my personal tastes, but also some of the range of submissions. These included realist works in both traditional and more contemporary (e.g., "super realist") modes; painterly and hard-edge abstraction; works in traditional and newer media. I was disappointed in the small number of sculptures and prints submitted, and was fascinated by the relatively few experimental approaches to art. There were a sufficient number of quality works to develop an exhibition which I hope is strong and varied.

The members of the Florida Artist Group wish to express their appreciation for the outstanding support and cooperation given us by Dr. Arnold Lehman and the staff of the Miami Metropolitan Museum and Art Center for our 28th symposium. Our warm thanks to our notable juror Tom Freudenheim, Director of the Baltimore Museum of Art.

In addition we thank Jordan Marsh for its significant contribution toward making this exhibition an artistic success—serving as a fine example of business participation, and with the awareness of the vital need for cultural community programs in the fine arts. This serves as an incentive, and encouragement for the growing group of talented creative artists toward establishing Florida as an important art center, expanding the offerings of the visual and performing arts.

REYNA YOUNGERMAN
President
Florida Artist Group, Inc.

Jordan Marsh is pleased to cooperate with the Florida Artist Group and the Metropolitan Museum and Art Center in presenting this outstanding exhibition.

We recognize the need for community participation in the fine arts in Florida and hope that our endeavors will contribute to the flourishing cultural environment of our area.

We thank the Florida Artist Group for their exceptional work in bringing the talents of Florida's artists to the forefront.
